Greece

## OUR CEO WELCOMES YOU

Faced with a unique situation, we continue to respond with a professional and deep personal care to all our guests and employees. Covid-19 has been with us for a year and if nothing else it has enforced in us, now more than ever, humility, attention to detail and extra sanitary measures. Since last year, these extra measures have been monitored and communicated from management to all departments and staff and this has resulted in zero cases in our resorts. Having this as a base, we continue in 2021 to maintain our high quality standards, while ensuring that all our guests, employees and stakeholders remain safe and carefree.

Let's CELEBRATE LIFE once more -wearing our masks-! We all deserve it.

Alexandros Angelopoulos, CEO Aldemar Resorts

# WE CARE FOR OUR PEOPLE

WE DELIVER SAFETY AND EXCELLENCE FOR EVERYONE

## STAFF HYGIENE

Staff complies with hygiene protocols and physical distancing

## STAFF TRAINING

Special training of staff on safety and sanitation protocols according to the national public health organization

## PROTECTION
